

CU-G1201 / CU-G1201M

Standalone Card Access Reader

CU-G1201 / CU-G1201M is an innovative card reader for access application. The device offers flexibility of both standalone installation and multiple units installation (With Maxview Controller). The system can support up to 10,000 cards.

Product Features

- Access Controller and Card Reader
- Unlock Method: Card, Pin, Card + Pin
- Capacity: 10,000 Cards and 1 Pin
- Card Type: EM (CU-G1201) and Mifare (CU-G1201M)
- Read Range: 2 cm to 5 cm
- Enclosure: High gloss Alloy Metal Frame with Tampered Glass Panel
- Sensitive Touch Keypad
- Support Data Backup

Technical Specification

Model	CU-G1201 / CU-G1201M
Function	Controller with Card Reader
Unlock Method	Card, Pin, Card + Pin
Capacity	10,000 Cards and 1 Pin
Card Type	EM / ID (CU-G1201) and Mifare/ IC (CU-G1201M)
Read Range	2 to 5 cm
Communication	WG26/34 Output
Alarm Output	Yes
Dustproof	Yes
Vandal-Proof	Yes
Data Backup	Yes
Temperature	-20°C ~ 60°C
Humidity	20% ~ 80%
Current	< 50 mA
Voltage	DC12V +- 10%
Dimension	110 x 70 x 20 (mm)
Weight	230g

Model: CU-G1201

Model: CU-G1201M
